SUBJECT.

Acquisition of the site of a Masjid at Koppa.

---

Regarding sinking of a well near to it.

Indexed

W D 88—GPB—50,000—24-7-16

CHIEF SECRETARY'S OFFICE.

PETITION BRANCH.

OFFICE NOTE.

**SUBJECT.** Complaint of the Mahomedans of Haricharpur, Koppa Taluk, against the construction of a Govt. well close to their Jumma Masjid.

**LAST REFERENCE.** Letter No. D dated 8th June 1893

from the Dy Commr Kadur District

The appended sketch shows the position of the well and the masjid.

It is in contemplation to acquire the masjid itself for Government and add the premises to the compound of the Taluk Kacheri. The masjid is said to be a temporary structure, of thatch, built about 20 years ago during the time when Jaigir Sahet was Amildar of Koppa. It is only 15 yards from the Taluk Kacheri compound and is stated to be unsightly & to interfere with the Kacheri, & the Magistrate's Court Room in which it is proposed to make some additions. The Executive Engineer & the Civil Surgeon have recommended the removal of the masjid to another site.

GOVERNMENT PROPERTY

As regards the well - the Mahomedans (11 in number) represented

to the north of the Masjid and close to the Kachery Compound, ~~which~~ which had been filled up some time ago, might be dug up again & improved, but the Deputy Commr states that he found, on personal inspection, no site so suitable as the one in question, and the Amildar's report shows that the Executive Engineer & the Civil Surgeon were also in favor of the site selected. It is near to the Taluk Kachery and the Dispensary & the Agumbi and Sringeri roads. The Estimate for the well amounting to Rs. 1000 was Sanctioned by Govt on 23rd March last the work was commenced on 17th April and by the time the Mahomedans complained to this office by telegram it had been very nearly completed, the stone facing of only 7 feet from the top remaining to be done. The Dy Commr states that the work could not be stopped at that stage without danger & that he therefore ordered it to be pushed on. He spoke to the Mahomedans & asked them to point out the danger to the Masjid, complained of, but they were unable to do so & urged their objection to the removal of the Masjid.

x 5th June 1893

as directed in telegram dy 6th June 1893

If the Masjid premises are acquired, the objections of the Mahomedans in regard to the position of the well, fall to the ground. In April last the Deputy Commr directed the Amildar to take steps to acquire the premises according the Amildar

RECOMMENDED

issued a Notice to the Mahomedans. They however refused to take part with the Panchayats who were asked to value the property. Taking into consideration the difficulty in now procuring another suitable site, the Panchayats estimated the amount of Compensation at Rs. 150, but the Dy Commissioner considered it to be excessive especially in view of the fact that he proposed to give a site, free, about 100 yards from the present Masjid; whereupon the Panchayats stated that a new Masjid, with the materials of the present Masjid, could be built at the new site for Rs. 75. The Mahomedans represented to the Dy Commr that the present Masjid was a permanent institution and that to remove a Masjid, which was so very sacred to them, was against their law. The Dy Commr overruled their objections and informed them through the Amildar that it had been resolved to acquire the premises & that if they did not agree to his terms the provisions of the Land Acquisition Act would be given effect to.

In their telegram of the 5th Inst the Mahomedans say they have posted a Memorial to Government, but the same has not yet been received.

KR Where is the memorial mentioned?

The telegrams are submitted

Translation

Petition dated 5th June 1893 presented by the undersigned mohamedans residing in Hariharpur Kusba Koppa Taluk runs as follows.

There is a Jumma musjid in Hariharpur Kusba, which is built according to our "Shastras". Towards the north at the head of the street running East to West of this Kusba, and opposite to the Hospital lies the said musjid. It was built more than 20 years ago. With the object that the institution should be permanent and that there should on no account be any apprehension of danger to its permanence the said "nivédana" was at the outset only, with the consent of all that were concerned, purchase

for a high price from one
Munise name Puttanna
bhutta of Harihar pur.
Thereupon the building
was erected for the con
venience of our people
ie with the object that
it might serve as the
chief place for people to
offer their daily prayers
and on special days to
offer special prayers &c, as
prescribed by our religion.
~~Still~~ In this building only
we have been till now
offering our daily prayers
&c and have been teaching
our "Shastras" (religion).
According to our religion
the Jumma Mugid is very
sacred as partaking of the
divine nature. It is looked
upon as one conferring
upon us heavenly bliss
according to our righteous
deeds in this world.

(Web clear
in orig.)

The
~~Sacred~~ Sacred nature of
the ~~place~~ musjid will not allow
of its being removed to
any other place; and our
religion is very strict
regarding it. If it had
been only an ordinary
musjid where mohurrum
processions and such like
ordinary things take place
it could have been ~~removed~~
removed to some other
place. But the case of this
musjid is different. Hence
it cannot be removed to
any other place. The
musjid is considered very
pure and sacred. Still on
the morning of 17.4.93
a certain servegar of
S. Canara entered this
place with a number
of Holeyars, without our
consent, and polluted
the front portion of the
building by causing it to
be dugup. They kept on

digging ~~wasted~~ until the
ditch was waist deep.
By that time some of
our people asked the
above Servegar what it
meant. He said that he
had orders from the Taluk
authorities to cause a well
to be sunk there for good
and that he had under
-taken the work on contract.
Saying that the space as
far as the "jagali" (pial)
of the musjid was required
the Servegar caused his
Holegaru to enter the
said "jagali" and break ||
~~upon~~ the musjid door together
with the "agani" (cross-bar). | (Not clear in origl)
We did not at all know
under whose orders all
this was done. After the
Servegar told the above,
we represented the matter
to the Amildar. The Amildar
then told us personally

that orders had been received from the Deputy Commr. of Kadur to remove the musjid and that if necessary compensation would be awarded. To the same effect a notice was also issued to us on the 18th April 1893. None of us was previously informed of the necessity that Existed for govt. to acquire the land in question. All on a sudden the work has been commenced. The Holeyars have polluted the musjid by Entering the "jagali" (pial) and breaking the musjid door &c. This is opposed to law and the injunctions of our religion. Besides, Some money had also to be spent for the purification of the place. We therefore beg to state now, as follows: The musjid is outside

the present compound
of the Kutcherry. On the
East it is 60 yards distant
from the Kutcherry. The
space now set apart for
the compound of the
Kutcherry is not of uni
form extent all around -
more space is set apart
near the musjid than
any where else around
the Kutcherry building.
An old well attached to
the Kutcherry compound
that originally stood
near the jack tree on the
north of the musjid has
now been filled up for
the purpose of removing
the danger to the cattle &c
passing close by. If the
well is now sunk in the
said place it will not be
in any way injurious to
our musjid. Nor have
we any objection to it.
It will not also cost much
to Govt. On the other
hand by so doing much

convenience will be caused to the public and the compound also will have the advantage of ~~possessing a~~ having a well in it. It is in fact every way unobjectionable. If your honor had personally inspected the land your honor could have clearly found out that our representations were not false. There is besides, not much gain to govt. by asking us to give up the land on which the musjid stands. On the other hand it causes much inconvenience to us. It is against our religion to remove the musjid to any other place. For these reasons we appeared before the Deputy Commr. of Kadur at Kigga camp and represented to him that

we could not remove
the musjid. We again
appeared before him at
narare camp and re
presented our grievances.
He (Dy Commr) was pleased
to say that he would
send us orders. Although
the complaint was looged
on the 22d April last, we
have not been favored
yet with any orders.
We therefore humbly beg
that orders may be passed
to sink the well only
within the present compound
of the Kutcherry and that
the musjid may be allowed
to remain permanently
where it now stands. We
have not more to represent
to your honor. They (Con
-tractor & his men) have
been using much force
against us to get the musjid
removed. By sinking
the well the musjid will

undoubtedly fall down.
your honor should
order the immediate
filling up of the well-
otherwise the musjid
will surely fall down.
If your honor do not
listen to our prayers
to whom else are we
to go and represent
our grievances? As
soon as our representa-
tions reach your honor,
orders should be passed
for the filling up of the
well and for allowing
the musjid to remain
permanently where it
now stands.

Deputy Commissioner's Office
Kadur District
Dated Camp Yedahalli 8th June 93

From,
The Deputy Commissioner,
Kadur District.

To
The Chief Secretary
to the Government of Mysore
Bangalore

Sir,

In reply to your Telegram dated 6th Instant requesting to stop the work of sinking a well near the Jumma Musjid at Harihar and to submit papers relating to the Subject, I have the honor to Submit the vernacular papers ending with this Office Order No. 882 dated 30th April last giving Cover to a rough Sketch showing position of the Jumma

Musjid

&c. and to State as follows.

2.- At the time of the last Jamabandi I inspected different Sites at Hari-harpur for Sinking a well and Concluded that the Site marked "C" in red pencil in the Sketch near the Jumma Mosjid was the only Suitable Site for the purpose and directed that the Site on which the Mosjid Stands together with its premises should be obtained and added on to the Taluk Cutchery Compound as the Mosjid is only temporary and was inconvenient-ly close to the Taluk Cutchery. I further selected another Site for the erection of the Mosjid about 100 yards distant from where it now Stands.

3. On receipt of Government

Orders

249.92

23d March 1893 – Sanctioning the sinking of a well at a Cost of Rs 1000/- Orders were given to the Amildar to Commence the work on the Site in question, and which was accordingly Commenced in April 1893 and is now very nearly finished, the well being lined with stone to within 7 feet from the top. As it would be dangerous to leave it in its present condition owing to slips in the heavy rains, I directed the Contractor to push on with it as fast as possible and he promised to have the work finished within three days, and which, it is possible to do, as he has all the Materials at hand.

A.

at Harihapur I went for the Muhammadan Community and asked them to point out the danger and which they were unable to do but alleged that it was inconvenient for them to move their mosjid and I have no doubt that this was the reason of their telegram to you. Of Course it is Contemplated to pay the Mahamedans Compensation for the removal of the building and to grant them a free Site.

5. I Certainly should have selected another Site for the mell if I Could have found an equally good one but failing this I had to select this one.

I have the honor to be,
Sir
Your most obedient Servant

H H Pearse

Dy Commissioner,
Kaira Division

to have selected a site for the well unconnected with the Musjid. The removal of the Musjid, if it is held sacred by the Mohomedan community and is a long standing one, would be repugnant to their feelings. The Deputy Commissioner should endeavour to effect an amicable settlement and if this impossible, report whether the well could not be enclosed and the Musjid left undisturbed.

The Chief Secretary to the
Government of Mysore

Dated 8th January

No.

With reference to the Chief Secretary's docket No 6137 dated 30th September 93 P. 541 calling for report as to whether the well sunk at Harihapur could not be enclosed, if an amicable settlement with the people of the Musjid be impossible, has the honour to state that the Mahammadans concerned have agreed to remove the Musjid on the condition of getting a Compensation of Rs. 300/. and free grant of 30 cartloads of timber as resolved by the Local Fund Board Committee (an extract of which is enclosed for information)-

2. The above compensation will have to be paid from the amount remaining unspent, viz, out of the estimate sanctioned for the well which has been completed. This sum is included in the list of incomplete works submitted with

with this office No. 299 dated 19th November 1894. The undersigned solicits that the sanction of Government may be accorded to the above -

H. H. Sparkes

Asst. Dy Commissioner

Kadur Dt -

Extract from the Proceedings of the Local Fund Board Meeting held on the 3rd August 1894.

+ + + +

Amildar of Koppa recommends the appropriation of Rs. 323-9-6 remaining unspent out of the sum sanctioned for a road at Hariharpur, to the Construction of a bathing ghât at Hariharpur-

Resolution.

As the available amount is not sufficient for the Construction of a ghât in question, the proposal has been deferred, but it was resolved that the sum may be utilized for paying as compensation Rs 300/ in cash besides some wood which the Mahammadans claim for the removal of the Musjid, regarding which a reference is pending disposal-
